ROCK BROOK SCHOOL CELEBRATES NATIONAL DISABILITY EMPLOYMENT AWARENESS MONTH

October is National Disability Employment Awareness Month and Rock Brook School, in Skillman, NJ, would like to take this opportunity to thank all of the businesses that provide workplace training for students from Rock Brook's high school program. Pictured above are Dominick and his occupational therapist Mrs. Myers preparing macaroons at Baker's Treat Café & Catering in Flemington. National Disability Employment Awareness Month is an important opportunity to recognize the contributions individuals with disabilities make to our society and to our workforce. To find out more about Rock Brook's programs and services, or if you are a business interested in partnering working with Rock Brook students visit www.rock-brook.org or call (908) 431-9500.
