

ANNUAL REVIEW OF CHILD MANAGEMENT AND BEHAVIOR POLICY PROCEDURE

The Rock Brook School staff and Board of Trustees, as part of the annual review of the school's philosophy of goals and objectives, will examine in depth the child management and behavior policy and procedures outlined in this manual. The staff will determine if these policies are being implemented, if they remain effective and if it is desirable to seek information on additional approaches to child management. Any changes that are made in the procedures in place will be approved by the Board of Trustees.

A copy of Rock Brook's child management procedures will be provided to parent/guardians, staff members, Board members and each of the sending districts.
